Delve into an exciting new stand-alone novel in New York Times bestselling author Dianne Duvall's "fast-paced and humorous" (Publishers Weekly), "utterly addictive" (RT Book Reviews) Immortal Guardians series. Nick Belanger can't stop thinking about the single mother who lives next door. She's smart. She's funny. She's so beautiful he can't stare at her too long for fear his eyes will start to glow. But Kayla thinks he's just an ordinary guy who works in security. Finding out he instead is a powerful immortal warrior who hunts and slays psychotic vampires for a living may not go over well, particularly since she has a daughter she doesn't want to endanger. Kayla Dorman can keep neither her gaze nor her thoughts from straying to the man next door. Who can blame her really? He is the epitome of tall, dark, and handsome with smart, charming, and honorable thrown in. He's also a few years younger than her and surely would not be interested in a single mom who hasn't dated since her divorce. At least that's what she thinks until an accident nearly takes her life and Nick risks all to save her. The dynamics of their relationship swiftly change. The friendship they've developed over the years deepens into love as the two spend every minute they can together, laughing and teasing, never suspecting a threat may lurk in the shadows. But that threat soon strikes, making it clear that Nick is the target and his enemy doesn't care if Kayla gets caught in the cross fire. Though Kayla bravely rises to the occasion and is determined to do whatever it takes to help Nick defeat his enemy, Nick is terrified of losing her. Can he identify and eliminate his new nemesis before the man takes everything from him? Praise for New York Times Bestselling Author Dianne Duvall's Immortal Guardians series "Crackles with

Eliana's life has never been what one might term ordinary. At least, it hasn't been for a very long time. As a powerful Immortal Guardian, she spends her nights hunting and slaying psychotic vampires that most of humanity doesn't even realize exist. Then an opportunity arises that instantly makes her extraordinary existence seem downright boring. The leader of the Immortal Guardians asks her to guard a group of mortals who are embarking upon a voyage across the galaxy to the planet Lasara. How could she possibly say no? In no time at all, Eliana is hurtling through space on board a Lasaran battleship and getting to know not one but two alien races. It's the most exciting adventure of her long life... until the ship is unexpectedly attacked. Amid the chaos and destruction that follow, she valiantly helps everyone she can before an explosion renders her unconscious. When Eliana awakens, she finds herself alone, floating in space, clad only in a spacesuit, with no ship in sight. Alone--that is--except for the warm, deep voice that carries over the comm in her helmet. Commander Dagon and the crew of the Segonian battleship Ranasura respond to a distress call from their Lasaran allies and join a massive Alliance-wide search-and-rescue mission. He quickly achieves communication with a lone Earthling female and races toward her. Every time they speak, his fascination with her grows and he becomes more desperate to reach her before her oxygen supply runs out. Her strength, bravery, and humor entice him, even more so when she defies all odds and they meet in person. As he and Eliana embark upon a quest to find her missing friends, a bond

swiftly grows between them that deepens with every laugh and smile and tender touch they share. But they are not the only ones searching for Earthling survivors. When Eliana herself becomes the hunted and their enemies begin to close in, can the two of them fight their way to victory, or will their enemies take everything?
