Credit Repair Bible Apr 23 2020 Are you saying right now DAMN THOSE (Bleeping) CREDIT BUREAU'S? Are those Credit Bureaus stopping you from getting: AN APARTMENT: Sorry here is your damage deposit back your credit application was not approved but thanks for the \$30.00 credit application fee. EMPLOYMENT: Sorry you are qualified and we really liked your interview, but after seeing your credit report we will be going a different route. AUTOMOBILE: Well we did get you approved but unfortunately the down payment we talked about will be significantly more. Your monthly payment will also be \$168 more a month. We understand that's not financially possible for you but if things change let us know. There is a bus stop about a block away thanks for coming in and help yourself to a cup of coffee on your way out. HOUSE: You seem like a nice couple and it's great you are expecting your first child soon but unfortunately we can't get you the mortgage we advertised everywhere. You might want to try those companies online that charge insane interest rates and want a huge deposit as well as your first born child. Thanks for coming in and would you mind filling out a survey online about how well we served you today? "A good friend of mine is a

divorce attorney. He knows what I do so whenever we get together the subject always seems to go to credit. He told me he's shocked at how much "spouse has bad credit" comes up during a divorce. He says it's always an issue women have. We have deducted that women love to nest. They want security (I guess we didn't have to be rocket scientist to figure that out)." So anyway STOP RIGHT NOW AND SCROLL TO THE TOP OF THE PAGE AND BUY THIS BOOK SO WE CAN GET STARTED. Is that being forward enough? Seriously we are talking about the cost of a cup of Starbucks coffee. By the way Starbucks in no way endorses my book lol. Howard Schultz the chairman and CEO of Starbucks I'm sure doesn't have credit issues. " So if you are still here you might need some more convincing I guess. Good for you... due diligence." My name is John D. Harris I could go on and on here about my experience working as a credit bureau manager but I won't bore you with all the details. THIS REALLY IS NOT ABOUT ME ANYWAYS. IT'S ABOUT YOU AND YOUR CREDIT. Even though your credit affects your whole life experience you probably know very little about real credit repair. Most of the books I have read online about credit repair are out of date or more often than not don't really have a clue what is going on. Let's face it all our lives are on a clock that is always ticking. Tick Tock Tick Tock. THIS IS NOT A PRACTICE RUN. This is your one life. Every day with bad credit is a day you are not experiencing your full life experience. Imagine knowing you have great credit. You know when you talk to the guy in the suit that you have great credit. You know you will be approved for anything. You can shop around for the best rates. You have the best property and pay less than the guy with the dumpy property. You drive the best car for less than the poor guy driving the seven-year-old vehicle. You might start flipping property. You might buy a business on credit. People respect you because you are the baller, you can get things done because you have access to CREDIT. You can take advantage of great deals because you have CREDIT. My bet is that

you know more about cooking a turkey, changing your oil, what's on Netflix, Geography, Donald Trump, Words of a different language, Facebook, etc. THAN YOU DO ABOUT REAL CREDIT REPAIR. I guarantee you can have good credit PS: I am a real person, with my book I include my phone number and email. You will also get unlimited access to my members only website with so many valuable resources. John D. Harris

Do you have a problem with your credit? Have you been turned down for loans or jobs because of this situation? Is this all due to an error that could have easily been reversed? Stop waiting and take control! This Book is all about how to repair your credit, and it's easier than you think. Many times when people think of credit repair, they think it is an impossible task to do. This is not true at all. One important thing to mention is that if you are trying to obtain a loan from a bank, the banks will want your credit score as high as possible to qualify for the desired loan. What you need to do is take steps to raise your credit score. Also, with any credit card accounts, if you can afford to do so, pay the entire balance due each month rather than taking a cash advance or just paying the minimum monthly payments. This does not mean going out and applying for every credit card you see in magazines, ads, or online. Instead, borrow the money from a family member or friend. If you have already gotten a credit card, try to pay the entire balance off each month This book covers: - Basics of credit repair - Secret Steps to repair credit - Strategies to improve your credit score - Credit Rescoring - How to remove your debt And Much More! No matter what your reason is, credit repair can help you with your financial problems. If you didn't commit any crimes to lose your job, credit score, or home, you should take credit repair seriously. At Credit Repair Canada, we can help.

The Ultimate Guide to Credit Repair Sep 08 2021 In today's society, there are some persons who believe that getting a credit card means that they have the financial freedom to purchase anything they want while living a lavish lifestyle. Because these individuals have this misconception of credit card usage, they are the ones that usually find themselves in debt. There are those persons who incur a vast amount of debt because of matters beyond their control such as medical emergencies; on the other hand, quite a number of the U.S. population is in debt because of frivolous spending and living beyond their means. To make matters worse, these individuals are spending more than what they are saving, if they are saving any at all. Because of the reasons listed above, credit repair has now become an imperative staple in the U.S. economy. In fact, over the past few years, credit repair companies have been popping up everywhere. It's practically impossible to watch TV or surf the Internet without seeing one of those "Do you have bad credit?" advertisements. But credit repair isn't associated with bad spending only. There are some cases wherein identity theft and mistakes made by financial institutions have left persons scampering to find ways in which they can fix the mistakes that these situations have caused. If you don't work in the financial sector or you are not one of those persons that tries to keep up with everything going on in the world, you may have no clue as to what credit repair is. Actually, it's a process that is quite simply to understand. Credit repair is defined as the process of working alongside creditors and the credit bureaus to make improvements to your credit report, which will in turn aid in improving your credit score. This process can be done by a legitimate agency that specializes in credit repair, or you can do it on your

own. Generally, the process includes identifying and amending any erroneous information on your credit report, or looking over all your financial statements and figuring out a way to lower or completely eradicate your debt. If you are finding it difficult to get competitive interest rates when applying for a loan because of a bad credit report, you'll find credit repair very beneficial. What is it that you will learn from this Book? How will it be of any help to you? For starters, you will learn what credit actually is and how you can manage it without running into debt. You will then be introduced to credit repair options available to you; learn how to dispute a credit report; and also learn how to increase your credit score. Once you have the correct tools in hand, you will be able to repair your credit and raise your credit score to a number that won't embarrass you or prevent you from getting a loan. Remember, after your credit has been repaired you should still continue to effectively manage your finances, as you don't want to end up in debt again.

Credit Repair Bible Sep 28 2020 Look we all pray for good credit. Your Prayers have been answered. Thirty-one States sued the credit bureaus and you won. Updated for 2019. They say one picture is worth one-thousand words. Well one video must be worth one million words.Credit Repair Credit Dispute letter Bible Have you read any of these other credit repair books? I have read almost all of them. Most should be filed in the fiction section of Amazon.Seriously I know most of these people have no idea what they are talking about. It's like someone got something deleted from their report and they are experts.I first started working in the credit business many years ago. My first job was working as a loans officer for a national bank. My job was to get financing for people with very shaky credit.Much of my pay was commission based. This really drove me to help people get the loans they needed. The only way to do this was to rapidly increase their credit score.At first this seemed impossible but after a chance encounter with a man named Tom Bradley things started to change. Tom worked at a national credit bureau and we met at a business convention about

mortgages. Tom showed me many techniques on Rapid Rescoring and Quick Credit Repair Techniques. Me and Tom stayed in touch and a few years before he retired he got me a job at his credit bureau. When I first got there I was very surprised at how high up in the company he was. He took me under his wing and that's when school got kicked into high gear. We worked 9 hour days and every second Saturday. Talk about a lesson on the credit industry. He showed me things that would be the difference between someone losing their house or not. It was very powerful stuff. I could go on and on here about my experience working as a credit bureau manager or how I was a loans officer for 6 years but I won't bore you with all the details. This really is not about me anyways. It's about you and your credit. You can choose to believe me or not. But here are some things to consider 1) I am a real person, with my book I include my phone number and email. 2) Don't ever (like all these books tell you) get your free report from www.annualcreditreport.com. This gives the bureau's 45 days to respond instead of 30 days. 3) When you get your report Opt out of the mandatory arbitration agreement or you are already starting to lose the game. 4) Your credit dispute has been OUTSOURCED TO INDIA. 5) My book was updated in 2016 not some old stuff these books try to tell you will work. For the cost of a few overpriced Starbucks Frappuccino's I am going to sit down with you through my book and give you the real deal. You will learn how to beat the system legally. See you on the other side.
