When we create peace and harmony in our minds and think positive thoughts, we will attract positive experiences and like-minded people to us. In essence, what I'm saying is that what we believe about ourselves and about Life becomes true for us."

Lulu and the Ant: A Message of Love; Lulu and the Dark: Conquering Fears; and Lulu and Willy the Duck: Learning Mirror Work; These three stories were written to help today's child grow up with a strong sense of self-esteem and courage. As adults, we sometimes forget that children have many more issues to deal with than we did when we were their age. They're constantly being put into the position of making choices, and are steadily being barraged with news about the critical state of the world. How children handle these issues is a direct reflection of how they truly feel about themselves. The more a child loves and respects him- or herself, the easier it will be to make the right choice. Updated Edition, with a Revised Cover! "This book is a collection of letters I've received and answered over the years from people all over the world. The letters express deep concerns about 20 different topics—including addictions, dis-ease, family relationships, the inner child, and parenting, just to name a few. Almost all of the people who have written to me have wanted to change themselves—and their world—in some way. In my replies, I've tried to be the catalyst that helps

these individuals accomplish their goals. I think of myself as a stepping-stone on a pathway of self-discovery. Perhaps you will see some aspect of yourself in these pages. It is my belief that by reading about other people's challenges and aspirations, we can see ourselves and our own problems in different ways. Sometimes we can use what we learn from others to make changes in our own lives. I hope this book will allow you to realize that you, too, have the strength within to change, and to find solutions on your own—that is, to seek the answers that are within you." — Louise L. Hay

"Colors and numbers have a lot of significance for us. We each have our own personal number vibrations and personal color vibrations. Some of these numbers, such as our date of birth, are permanent. We also have temporary personal colors that change with the calendar. By consciously surrounding ourselves with our personal colors, we become more in tune with the cosmic forces. "Colors and numbers are useful to our lives and attitudes. They may form a basis for our affirmations and declarations about ourselves, which is exactly the purpose of this book. "May every Colors & Numbers day be a joyous one for you!" — Louise L. Hay

In *The Power Is Within You*, Louise L. Hay expands her philosophies of loving the self through: -learning

to listen and trust the inner voice; -loving the child within; -letting our true feelings out; -the responsibility of parenting; -releasing our fears about growing older; -allowing ourselves to receive prosperity; -expressing our creativity; -accepting change as a natural part of life; -creating a world that is ecologically sound where it's safe to love each other' -and much more. She closes the audio download with a section devoted to meditations for personal and planetary healing. "Whenever there is a problem, repeat over and over: All is well.

Everything is working out for my highest good. Out of this situation only good will come. I am safe." In this healing tour de force, best-selling authors Louise L. Hay and Dr. Mona Lisa Schulz have teamed up for an exciting reexamination of the quintessential teachings from *Heal Your Body*. *All Is Well* brings together Louise's proven affirmation system with Mona Lisa's knowledge of both medical science and the body's intuition to create an easy-to-follow guide for health and well-being. And, for the first time ever, they present scientific evidence showing the undeniable link between the mind and body that makes these healing methods work. Bringing focus and clarity to the effects of emotions on the body, *All Is Well* separates the body into seven distinct groups of organs—or emotional centers—that are

connected by their relationship to certain emotions. Structured around these emotional centers, the authors outline common imbalances and probable mental causes for physical illness. They also include case studies that show a complete program for healing that draws from all disciplines, including both traditional and alternative medicine, affirmations, nutritional changes, and so much more. Using the self-assessment quiz, the holistic health advice, and an expanded version of Louise's original affirmation chart, you can learn how to heal your mind and body with affirmations and intuition and live a balanced, healthy life. "Doing mirror work," Louise tells readers, "is one of the most loving gifts you can give yourself." Each of the 21 days is organized around a theme, such as monitoring self-talk, overcoming fear, releasing anger, healing relationships, forgiving self and others, receiving prosperity, and living stress-free. The daily program involves an exercise

in front of the mirror, affirmations, journaling, an inspiring Heart Thought to ponder, and a guided meditation. Packed with practical guidance and support, presented in Louise's warmly personal words, MIRROR WORK—or Mirror Play, as she likes to call it—is designed to help readers:

- Learn a deeper level of self-care
- Gain confidence in their own inner guidance system
