This third edition of the Kindle book now contains these highly successful simulated online tests. The overwhelming number of PMP candidates, who have used the mock tests, confirm that these tests compare well to the actual exam. These practice tests have boosted the candidates' PMP exam score, and they were able to pass the exam on their first try. Content Details This book has three full-length PMP sample tests (a total of 600 questions) with answers and detailed explanations of why the correct choice is the best answer, and the three incorrect choices are wrong. Each 200-questions test not only helps you build the stamina for the

actual exam but also provides you a much realistic assessment of your preparation. Each explanation provides a complete reference to the PMBOK guide section and page number for further review. About 60% of the questions are scenario based to help you grasp the real-life application. Remaining questions will challenge you to test your understanding of the PMBOK concepts. Almost half of the questions are process flow questions to test how project processes are sequenced and performed.

About The Author Daud is a Project Management Professional (PMP), Lean Six Sigma Black Belt (LSSBB), Agile Project Management (Cert. APM), and ITIL Foundation certified. He has extensive experience in project management, process improvement, and related domains. Daud is a passionate instructor who teaches courses in PMP exam preparation, Six Sigma, Change Management, Microsoft Project, Business Analysis, and other topics.
