*Level: KS2 Subject: Maths & English Everything children need for the school year in one book!  
Matched to the National Curriculum, this Collins Study & Practice Book covers all English and  
maths topics for Year 3, with key learning and practice for each topic. Using a repeated practice  
method that is proven to work, this book includes progress tests and mixed practice tests to  
improve understanding, recall and performance in school Children can record their own results  
in their progress chart too, supporting awareness and boosting confidence. Easy-to-use  
answers and a full glossary are also included. For even more practice, check out our Collins  
Year 3 English Targeted Practice Workbook (9780008201654) and Year 3 Maths Targeted  
Practice Workbook (9780008201692). Learn how to use R to turn raw data into insight,  
knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a  
collection of R packages designed to work together to make data science fast, fluent, and fun.  
Suitable for readers with no previous programming experience, R for Data Science is designed  
to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett  
Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your  
data and communicating the results. You'll get a complete, big-picture understanding of the data  
science cycle, along with basic tools you need to manage the details. Each section of the book  
is paired with exercises to help you practice what you've learned along the way. You'll learn*

how to: *Wrangle*—transform your datasets into a form convenient for analysis *Program*—learn powerful R tools for solving data problems with greater clarity and ease *Explore*—examine your data, generate hypotheses, and quickly test them *Model*—provide a low-dimensional summary that captures true "signals" in your dataset *Communicate*—learn R Markdown for integrating prose, code, and results

Level: KS2 Subject: Maths When it comes to getting the best results, practice really does make perfect! Matched to the National Curriculum, this Collins Maths Year 5 workbook is designed to target every Maths Year 5 topic in depth. Level: KS1 Subject: Maths Help your child master maths at home with this activity book designed to be used in 5 minute bursts. With a focus on building speed and accuracy, this book will give your 5-6 year old a head start in maths. This book can help your child by providing a whole year of ready to go activities and support on key Mathematics topics which will be being taught in school from 2014. Did you know that children in Year 5 now need to; know and use prime numbers, prime factors and composite numbers; know all tables facts up to 12 x 12; understand and use equivalences between metric and imperial units such as inches, pounds and pints? \*

Workbooks for home learning \* Linked directly to what your children will be learning in school \* A linked website provides additional activities, answers and support for parents \* Developed by teachers to ensure the best possible support for the new 2014 National Curriculum. The concept that certain objects and persons may be legitimately attacked during armed conflicts has been well recognised and developed through the history of warfare. This book explores the relationship between international law and targeting practice in determining whether an object is a lawful military target. By examining both the interpretation and its post-ratification application this book provides a comprehensive analysis of the definition of military objective adopted in 1977 Additional Protocol I to the four 1949 Geneva Conventions and its use in practice. Tackling topical issues such as the targeting of TV and radio stations or cyber targets, Agnieszka Jachec-Neale analyses the concept of military objective within the context of both modern military doctrine and the major coalition operations which have been undertaken since it was formally defined. This monograph will be of great interest to students and scholars of international law and the law of armed conflict, as well as security studies and international relations. Level: KS2 Subject: English When it comes to getting the best results, practice really does make perfect!
